

**What could be greater than helping kids
to move forward with their careers and their lives?**

YOU can make a difference.

The Mayor's Youth Program is for students in the Atlanta Public School system or children of Atlanta City workers. Although it starts with youth who are 14, it focuses on those youth who are interested in going on to some form of higher education after they graduate from high school

SHRM-Atlanta's focus in 2007 has been working with high school seniors. For several Saturdays in the spring and fall, we provide workforce readiness training including workshops on a variety of work and life skills as well as one-on-one interviewing and help with college applications. SHRM-Atlanta's participation is to help these students be successful in summer internships and earn money for post graduate education. It is SHRM-Atlanta's way of giving back to the community in ways only Human Resources professionals can.

How can you help?

Join Mayor Shirley Franklin and SHRM-Atlanta:

- **Give your time!**
 - Volunteer through SHRM-Atlanta's partnership with the Mayor and the Atlanta Workforce Development Agency on a Saturday this spring or fall.
- **Use your talents:**
 - Volunteer to be the leader for some of the projects within the Mayor's Youth Program-Be a Saturday Coordinator; help call volunteers; keep the data base updated; provide content for the training, etc.
- **Help fund the project:**
 - The Mayor's Youth Program can use both cash donations and donations in kind. Donations are needed for the printing of materials, binders, administrative duties, shirts for the kids to wear to their jobs, etc.
- **Provide Internships:**
 - Sponsor a student by providing a summer job. These students need good jobs and real business experiences to complete their training and to gather funding to go on to school.

Please leave your card at the door indicating your interest and contact information. Or email SuzanneLaVoy@talentconnections.net or AnneDittman@aol.com with your name, corporation, contact information and if you wish to assist this program by participating in a workshop, providing an internship, offering administrative support or providing dollars or in-kind funding.
